

CHRIS TONG

I'm a dedicated and curious engineer with over a year of full-stack web development experience and a passion for solving complex problems. I'm looking for a full-time position where I can continue to grow as an engineer, while developing innovative solutions.

EXPERIENCE

- 2023
|
Present
- Software Engineer**
Aeroflow Healthcare (On Contract from Kadro) 📍 Remote
 - Designed and implemented features across Aeroflow's Adobe Commerce sites, helping reach the company's goal of \$500M in yearly revenue.
 - Became quickly acclimated to the team, understanding the intricacies of the business, and aiding in the development of complex business specific features.
 - Worked on special initiatives, including moving to a headless architecture, connecting Adobe Commerce to a Next.js frontend.
 - Skills/Languages Used: Adobe Commerce, PHP, JavaScript, Next.js, React, AWS, Git
- 2022
|
Present
- Software Engineer**
Kadro 📍 Raleigh, NC
 - Developed new features and bug fixes for our client's websites using PHP, JavaScript, and the Adobe Commerce platform.
 - Supported clients by regularly communicating progress and providing quick resolutions.
 - Joined outside engineering teams on staff augmentation contracts, working on dedicated clients, and earning the business \$200+ thousand in revenue per year.
 - Skills/Languages Used: Adobe Commerce, PHP, JavaScript, MySQL, Docker, Git
- 2022
|
2023
- Software Security Contractor**
SparqLLC 📍 Remote
 - Analyzed legacy code using static analysis tools to discover security vulnerabilities.
 - Engineered solutions that helped mitigate and prevent software vulnerabilities in a variety of critical software projects written in C# using the .NET framework.
 - Reported my findings and recommended solutions in a concise and organized manner.
 - Skills/Languages Used: C#, .NET, SonarQube, Static Analysis

PROJECTS

- 2021
|
Present
- Inventory Management System**
Krown Select 📍 Remote
 - Architected a backend inventory management system and integrated with eBay APIs, resulting in a 2x faster listing process for a friend's retail business.
 - Deployed and maintained the Spring Boot backend, Next.js frontend, and MySQL database on AWS.
 - Incorporated Agile methodology to develop features through test-driven iterations.
 - Skills/Languages Used: Java, Spring Framework, JavaScript, TypeScript, React, Next.js, Tailwind CSS, AWS, Docker, Git

EDUCATION

- 2018
|
2022
- B.S. in Computer Science**
North Carolina State University GPA: 3.763 / 4.0
 - Minor in Cognitive Science
 - Track in Security
